

Dear Parents,

We are using Celly, a platform for instant social networks, in the classroom. I have started a parent group so that you can use Celly to communicate directly with me if you have any concerns about the welfare of your child, certain class assignments, school events, etc. Celly is completely private and does not advertise. Your name and number are protected and you will be identified by your unique username only. Celly is available on iPhone, Android, web, SMS text and even email.

**To Use Celly via SMS Text messaging.**

1. Text the code below to **23559**

7<sup>th</sup> Grade = @ancientsmarties

8<sup>th</sup> Grade = @brilliantamericans

2. Follow the instructions in the reply that you get.

**To Use Celly via Android**

1. Download the Celly app from the Google play store <http://cy.tl/16LHTjg>

2. Sign up for an account - you will need to validate using email, facebook, twitter, or your cell phone number.

3. After you log in, click the plus button at the bottom of your inbox. On that screen, enter the code above and click join.

**To Use Celly via iPhone**

1. Download the Celly app from the Apple iTunes App Store. <http://cy.tl/16LluRZ>

2. Sign up for an account - you will need to validate using email, facebook, twitter, or your cell phone number.

3. After you log in, click the celly logo in the top left to open the left panel

4. Click "Join Cell" on the top toolbar and type in the code name above.

**After following these instructions, you will either join the cell immediately, or might need to wait for approval depending on the cell settings.**

Sincerely,

Ms. Reid
