

MIDDLE SCHOOL DIGITAL DRIVER'S LICENSE INSTRUCTIONS

Students use devices to:

- access teacher created instructional videos, presentations, files, and links.
- engage in forum discussions and journals.
- keep up with class announcements, messages, and assignments through online classrooms (iLearn).
- receive immediate feedback while taking quizzes using iLearn and student apps.
- demonstrate learning by creating a product using a variety of educational apps.
- catch up from an absence by viewing the agenda and homework online.
- pause, rewind, and re-watch teacher instruction in and out of class.
- take interactive notes using apps which allow students to record audio, take a picture, write, and link resources.

NxGL Goals

Collaboration

Engagement

Student Centered

Interactive

Differentiation

Feedback

Individualized

Equitable Access

The Woodford County Next Generation Learning Initiative is designed to increase the college and career readiness of our students through applied technology and critical thinking. WCPS students have the world at their fingertips. They are able to explore and expand content, go beyond instruction, and demonstrate their learning in innovative ways. To ensure our students take proper safety precautions, identify valuable content, and appropriately use the device provided, all middle and high school students are required to complete their DDL prior to receiving a device.

The DDL provides five

Woodford County Middle School NxGL Classrooms

learning modules with information, videos, and Prove-It quizzes. Before completing the Prove-It quiz, read all information and watch the videos presented. You may work on this little by little or all at once. Each Prove-It quiz requires a

score of 80% or higher to pass. You may have multiple attempts. Once all Prove-Its have been passed, you will receive your Digital Driver's License and receive a device.

Digital Driver's License- Learning how to be a good digital citizen

To complete your DDL, follow these directions **CAREFULLY!!!**

*Creating your Account:

1. Go to <http://drivedigital.com>.
2. Select "Sign Up".
3. Fill out the form to set up your DDL account.
 - *Use your school email!
 - *Be sure to include this information:
 - District: **Woodford County Schools (KY)**
 - School: **Woodford County Middle School**
 - Advisor: **Woodford, DDL. Woodford County**
4. Select "I am not a Robot" and do the task.
5. Select "Register Now".
6. A page will open that has your registration information. Double check that your email and password are correct.

*Completing Cases:

1. Go to <http://drivedigital.com> and log in.
2. Select name of module to work on.
3. Select down arrow next to "Navigate Case Elements and take Prove-It until you earn an 80% or higher and receive a green check mark.
4. Once you have passed all modules, click **Get Certificate**. You don't need to print this.

3 Learning Modules

1. (K-8) Educate Yourself/Connect With Others
2. (K-8) Protect Yourself/Protect Others
3. (K-8) Respect Yourself/Respect Others
